My de r Radio Friend.

I have your letter addressed to the station and many thanks for same. As requested I am enclosing you a veri card and if you should have any trouble in obtaining "veri Cards" from other stations in these parts let me k.o.

I am always glad to hear from my listeners and hope you will continue to listen to the " Radio Newspaper" at 12:30 to 1 p:m: and 7 to 7:30p:m: EST in English. I put on special DX'ers programs and if you want one for any of your magazines or town I would be very glad to carry this out for the good will of Panama and the U.S.A.

There is a little favor I would like you to do and that is to write to my sponsors of the Radio Ne spaper and tell them that you have heard their names on the Radio News aper and how glad you were to hear such an English program from Panama and that you are now a regular listener of the programthey are spon oring.

Several of these spon or sen samples of their merchandise so you will see that I have added to the list the article that they are advertising.

If you will do this for me you will be helping me a lot for they will then know that their name is being he rd in the U. .A. which sometimes they doubt.

Anything I can do in exchange for this favor let me know. Perhaps you are a stamp collector? - I get an average of 25 letters a week from different parts of the world.

Hoping to he r from you that you have done this favor for me and I will always answer y ur letters.

Yours very truly,

G Williams

George Williams.
Director "Radio Newspaper"
Manager HP5G & HOA.

P.S. Did you see the Radio Guide for March 23-29th?;
